

**MONTROSE AREA SCHOOL DISTRICT
ENERGY AD HOC COMMITTEE MEETING
ADMINISTRATIVE OFFICES**

MEETING DATE June 21, 2010 4:00 P.M.

Chris Tripp, Chairperson

Energy Ad Hoc Committee Meeting

June 21, 2010 Meeting began at 4:00 PM in the Administrative Offices of the Montrose Area School District.

Ad Hoc Committee Members present included Richard Niederberger, and Fraser Moffitt

Administrators present included Craig Owens and Chris Tripp (Energy Manager)

Board members present included Chris Caterson

OLD BUSINESS: There following items under Old Business Items were discussed at today's meeting:

- **AMSOLAR Solar Heating:** Jared Quient from AMSOLAR joined the committee via conference call to discuss the possible projects for the district. Due to our current electricity rate, the feasibility of the project would largely rely on obtaining available grants to aid in financing. Discussion was held on whether or not there is a need for the district to enter into any type of contract prior to the release of current rate caps which is scheduled for January, 2011. The committee invited Jared to give a presentation at the next scheduled meeting and he agreed to do so.
- **Review the High School zone piping replacement project:** Chris reported that the work was being continued to finish off the reconnection of all zone piping and should finish up during the 2nd week of July.

NEW BUSINESS: There were no new business items discussed at the meeting.

OPEN FORUM: Craig Owens inquired about the districts position on window air conditioners. There had been some discussion last year about permanently removing them from classrooms. The current guideline is to allow use of window mounted air conditioners from May 1st through October 1st.

Meeting adjourned at 5:15 PM

Mike Ognosky

**The next meeting is scheduled for Monday, July 19, 2010 at 7 p.m.
in the Community Learning Center.**
